Subject: Fw: Questions for Tyonek Village

Tony,

Thanks for your time. As mentioned, below are the questions posed by Tyonek Village and the Native American Rights Fund, as well as some of the information sent over to us by R10. I'm finishing up a briefing package tomorrow to send over Friday and would be happy to include anything that you brainstorm in your meeting tomorrow.

Much appreciated!
~Marissa

Marissa,

My apologies for not getting back to you sooner. We where out of cell range yesterday afternoon from airport to ATNI conference. The RA and I have been swamped with tribal leader meetings.

In the R10 Seattle office Jamey Stoddard is the point person on the NEPA process as we are a cooperating agency. He should be able to answer these questions more accurately than I.

I have more direct contact with the with the Tyonek Chairman and Council so I have more intimate knowledge of the tribes stance. Here at R10 we also have Kathryn Brown, IGAP project officer whom has a good back ground on the operations of NV Tyonek. She understands the tribes GAP program and capacity.

Tomorrow both Jamey and Kathryn will be briefing the RA and I on the status.

I hope this of help and I'll call you later today.

Best,
Jim
